

AYVISION FILMS

Ayvision, an innovative film production and distribution firm headquartered in the United States, is dedicated to advancing the realm of short and feature-length documentaries, fiction, as well as experimental films and artworks. With a dynamic presence in acclaimed events such as Hotdocs Forum, Medimed, Vision Du Reel, Close Up Initiative, Jihlava, and Worldwide Festivals, Ayvision believes in the power of networking. Through active participation in markets, forums, and festivals, we are committed to building meaningful connections within the industry, ensuring that we remain closely connected to seasoned professionals and emerging talents alike. Currently, our primary focus centers on documentary production, with feature-length documentaries progressing through various stages of production and post-production.

VISION & MISSION

Mission: To be a leading film distribution and production company that brings exceptional, innovative, and thought-provoking films to audiences worldwide. We aim to support filmmakers in creating meaningful and original content while delivering high-quality films that entertain, inspire, and challenge the status quo.

Vision: We envision a world where cinematic storytelling transcends boundaries, sparks conversations, and influences society. Our company strives to be a catalyst for artistic expression, promoting diversity, authenticity, and the exploration of new narratives.
